

SMR technical demo for L^AT_EX

January 10, 2023

First Chapter

Just as an example, this can be the first chapter. This Chapter contains the original two big definitions for the following terms

Definition (STATIONARY BALL). *A ball which is not moving.*

Definition (CONTACT). *When the ball touches a figure on a rod, or any part of a rod that is internal to the playing field.*

Second Chapter

Listing some important definitions for chapter 2

1. **STATIONARY BALL:** A ball which is not moving.

Now there is a second chapter that may reference some of these definitions. It also defines a new one...

Definition (MOVE). *A CONTACT that causes a STATIONARY BALL to move, or a moving ball to change speed or direction.*

Please note, that the references from the definition link to the original definition.

Third Chapter

Listing important definitions for this chapter

1. **MOVE:** A **CONTACT** that causes a **STATIONARY BALL** to move, or a moving ball to change speed or direction.
2. **STATIONARY BALL:** A ball which is not moving.

Some Plain text, that just references to **MOVE** and **STATIONARY BALL**.

Definitions

CONTACT When the ball touches a figure on a rod, or any part of a rod that is internal to the playing field..

MOVE A **CONTACT** that causes a **STATIONARY BALL** to move, or a moving ball to change speed or direction..

STATIONARY BALL A ball which is not moving..
